

Global Career Counsellor

Swathi Kadur

Global Career Counsellor | Education Leader | School Leadership Consultant | Founder, Medha Compass

Swathi Kadur is an accomplished education leader, global career counsellor, and school administrator with more than 18 years of experience in career guidance, educational leadership, counselling, curriculum development, and student development across India, the United States, and Trinidad and Tobago.

For schools that want to strengthen career readiness and student wellbeing, Swathi combines deep counselling expertise with practical school leadership experience.

Swathi holds a **Bachelor's degree in Psychology from California State University, Northridge, USA**, and a **Master's degree in Educational Psychology from Andrews University, USA**. Swathi is also a certified **Global Career Counsellor through UCLA Extension and Univariety**, and holds a certificate in **School Leadership and Management from Harvard Graduate School of Education and Harvard Business School**.

Swathi has served as Principal, Head of School, Curriculum Leader, and Guidance Counsellor. Swathi is also the Founder of Medha Bright Beginnings Preschool. This background brings a grounded, school first perspective that connects student aspirations with academic planning, psychological assessment, and future ready career development.

Through Medha Compass Career Guidance, Swathi works closely with students in Grades 8 to 12. Swathi partners with schools and families to help students identify strengths, explore emerging career pathways, align subject choices with long term goals, and build personalised academic and career roadmaps.

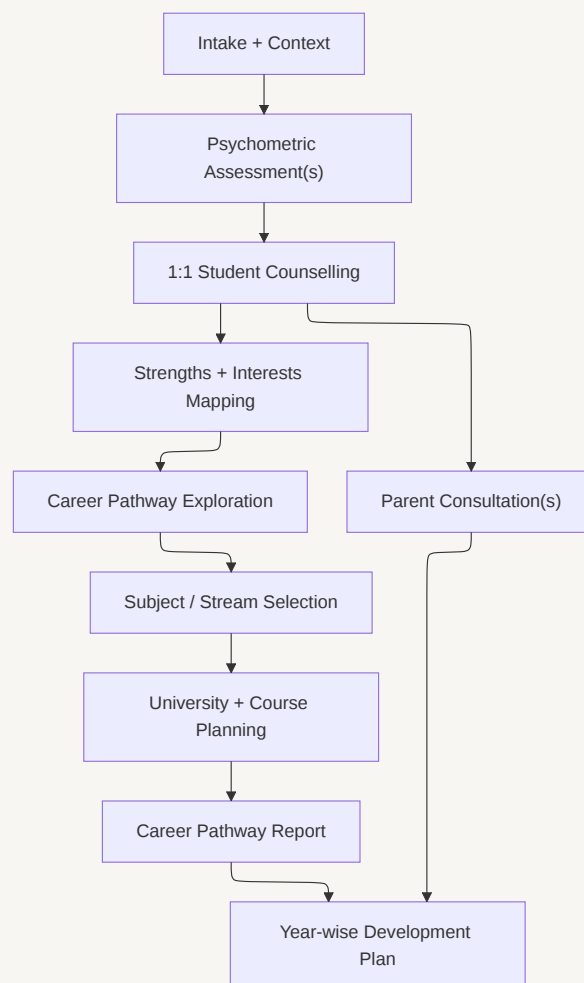

"Empowering students to discover their strengths, explore possibilities, and build purposeful futures."

Swathi's counselling approach includes psychometric assessments, one on one guidance, parent consultations, career pathway reports, and year wise development plans. This support helps students make informed career decisions.

Swathi has guided hundreds of students, teachers, and parents through educational transitions and career planning.

Swathi's expertise includes career exploration, stream selection, university planning, leadership development, social emotional learning, and future skills readiness.
